HAND DELIVERED

Re: Blue Ridge Electric Cooperative, Inc. (hereinafter "Blue Ridge") vs. Duke
Power Company (hereinafter "Duke") (Docket No.: 97-153-E)

Dear Mr. Ballentine:

Enclosed are the original plus ten (10) copies of the two (2) exhibits (Exhibit A-I, A-II, and Exhibit B), which were not available when Duke filed its Response to Blue Ridge Electric Cooperative, Inc.'s Petition.

By copy of this letter we are serving a copy of these two (2) exhibits on Blue Ridge's counsel. If you should have any questions or need additional information, please do not hesitate to contact me. With kind personal regards, I am

Very truly yours,

Richard L. Whitt

IN RE: Blue Ridge Electric Cooperative, Inc.,)
)
 Petitioner,)
)
 v.)
)
 Duke Power Company,)
)
 Respondent.)

AFFIDAVIT OF
EDWARD T. CONNELL

Personally appeared before me the undersigned who being first duly sworn,
 states as follows:

1. That he is a registered land surveyor licensed by the State of South Carolina, License No. 15794.
2. That on or about the 17th day of April, 1997, he, or individuals working under his immediate supervision, went to a site in Oconee County, South Carolina to determine the location of a Duke Power Company 44 kV line designated as the Bear Swamp 44 kV Line (Line Index No. 4W803) by Duke Power Company.
3. That he, or the employees working under his immediate supervision, located the Bear Swamp 44 kV Line (Line Index No. 4W803) and located a site for a proposed 25,000 square foot building which is to be built by the Nason Company based on a site plan drawing provided to him by Site Design, Inc., 110 East Stone Avenue, Greenville, South Carolina.
4. That the undersigned, or the crew working directly for him, located the proposed building site in relation to the Bear Swamp 44 kV Line (Line Index No. 4W803) described above and overlaid the site plans for the proposed building belonging to the Nason Company.
5. That the undersigned, or the crew working directly for him, next located a 100 kV line designated as Line Index No. 1W403 and offset it 300 feet from the center line of the 100 kV line and imposed it on the drawing to produce a line location map attached hereto and designated as Exhibit 1.

7. I certify that the drawing accurately reflects the location of the 100 kV tower, the location of the location of the western most conductor attached to the 100 kV tower line, and that the drawing also accurately reflects the superimposition of the site plan of the 25,000 square foot building to be built by the Nason Company in Oconee County South Carolina.

This the 13 day of May, 1997.

Edward T. Connell (SEAL)
